GENERAL INFORMATION

Qualifications:—*Elementary teachers* must be graduates of a High School of the standard of the Minneapolis High Schools, have completed a course of professional training equal to that furnished by the *advanced course of the Normal Schools of Minnesota*, and have had one year's successful teaching experience in a regular system of graded schools having not less than *fifteen elementary teachers*, under competent supervision.

High School teachers must be graduates of a University or College and, except in cases of promotion from the elementary grades of the Minneapolis schools, have two years' successful teaching experience in a first grade High School employing not less than *eight high school teachers*.

Teachers of Drawing, Manual Training and Domestic Economy must be graduates of an accredited Normal or Training School and have at least one year's successful teaching experience in the respective departments of a regular system of *public schools*.

Examinations:—The subjects in which *elementary* teachers shall be examined are Arithmetic, Grammar, U. S. History, Geography, Reading, Spelling, Penmanship, Music, Drawing, Physiology and Hygiene, and Theory and Practice of Teaching. Those appointed to positions in *high schools* shall be examined in the subjects which they are employed to teach. Teachers may be appointed subject to an examination, but shall not be allowed to continue teaching for more than one year unless they hold certificates signed by the President of the Board of Education and the Superintendent of Schools. These certificates shall be good for one year, but may be renewed from year to year at the discretion of the Superintendent.

Excuse from examination may be granted by the Superintendent to any teacher whose educational qualifications and teaching experience warrant such action.

Kindergarten Training Assistants:—An arrangement has been made with the Minneapolis Kindergarten Association Normal School to furnish a limited number of assistants from the third year course students (post-graduates). These Kindergarten Training Assistants are paid $30 a month.

Minneapolis Teachers' Retirement Fund Association.—The general purpose of this Association shall be to secure a fund from assessments upon its members, from donations, and from such public taxes as may be levied and collected for such fund, and from any other available source; to control and manage such fund for the purpose of paying

annuities or other benefits to members of this Association who may be retired from teaching service while employed in the public schools of the City of Minneapolis.

Membership is required of all teachers in the Minneapolis Schools. *Rates for Membership:* For the first five years of teaching service, $10 per year; for the second five years, $20 per year; for each subsequent year, not exceeding thirty years in all, $25 per year. *Annuities:* Any member of this Association who shall have rendered twenty years or more of teaching service in the public schools (ten of which may have been in public schools outside of the City of Minneapolis), who ceases to be in the employ of the Board of Education from any cause shall be retired by the Association and receive an annuity as follows: For twenty years of service, $333.33; for thirty years of service, $500.00; and a proportionate amount for any intervening years between twenty and thirty.

Any teacher may *waive the right to previous teaching service* and pay as follows: $10 per year ($1 per month) for the first five years after entering; $20 per year ($2 per month) for the second five years; and $25 per year for each subsequent year of teaching service. Any teacher who waives his claim for prior teaching service at the time of entering the Association may, nevertheless, receive the benefit of such prior service later, by making application therefor and paying up arrearages.

Any teacher who voluntarily retires from the service before he is eligible for an annuity will get back one-half of all current dues paid in by him; if discharged by the Board, all dues will be refunded.

Membership August 31, 1914, 1,487. Members placed on annuity list, 90.

The present salaries of the principals are based upon the above schedule.

Evening Schools—Principals, $3.00 per evening; teachers, $2.50 per evening.

Summer Schools—Principals, $100 per season; Industrial teachers, $110 per season; and Academic teachers, $90 per season.

Substitutes receive $2.00, $2.50 and $3.00 a day (while actually employed in the schools), according to experience. High school substitutes receive $3.50 per day. All substitutes of the $3.00 per day class, who have charge of a room for at least one month, may be paid, at the discretion of the Superintendent, a salary of $75.00 per month for such period.

Special Rules:

Salaries of the Superintendent of Schools and of the Supervisors of special work and all teachers not provided for under the regular schedules of salary shall be fixed by special action of the Board. In fixing the salaries of new teachers, experience in other schools of equal rank may be considered. In fixing the salaries of such positions as are left to the Board, successful experience, general qualifications and character of the work may be considered.

Promotion or increase of salary is made solely on the ground of merit.

For satisfactory service, the usual annual increase is $100 until the maximum is reached.

The yearly salary is paid by check in ten equal installments, one for each month of the school year.

In case of illness of principal, clerk or teacher, five full days' salary is allowed and an additional fifteen half days' salary during the school year.

In absence on account of death in immediate family, (mother, father, sister, brother, husband, wife or child) three full days' salary is allowed, except when death occurs outside of city, then five days' salary is allowed.

Principals of buildings of 6 rooms and less shall be required to teach a room.

Domestic Art, Domestic Science and Manual Training rooms shall not be counted as school rooms in computing the number of rooms in a building.

The salary of a principal shall not be changed during a year by reason of a decrease or increase in the number of rooms in his school.

Salaries of principals receiving less than the schedule maximum shall be increased $100 a year until the maximum is reached.

Vocational High Schools:—Girls between fourteen and twenty years of age who wish to prepare more thoroughly for the work of a home or to fit themselves for self-support in an honorable wage-earning occupation, are cared for in the Girls' Vocational High School, opened this fall in the Old Central Building. Instruction and management will be fitted to the needs of each individual pupil. Any girl unable to spend full time (8:30 A. M. to 4:00 P. M.) will be helped to employ their school time to the best advantage.

Boys fourteen years and over, who wish to fit themselves for the trades, are cared for in the Wm. Hood Dunwoody Industrial Institute, which is occupying, temporarily, quarters in the Old Central Building.

Evening Schools.—The season of 1914-1915 began October 19, 1914, and probably will continue twenty-two weeks, until April 2nd, 1915. *Sessions* of the high school are held on Mondays, Tuesdays, Wednesdays and Thursdays and of most of the elementary evening schools on Mondays, Tuesdays and Wednesdays, from 7:30 to 9:30. A fee of 50 cents for elementary pupils and $1.00 for high school pupils is collected to be returned when the books and materials furnished by the Board of Education are returned.

Summer Schools.—All schools opened June 22nd. The school for double promotion continued eight weeks closing August 14th. All other schools closed July 31st.

The Industrial Department offered, as heretofore, elementary and advanced courses in Manual Training, Cookery and Sewing. The enrollment in this department was divided as follows: Manual Training, 551; Cookery 467; Sewing 437; Total 1,455.

The Academic Department offered courses to retarded, double promotion and regular pupils. The total enrollment

in this department was 2,639, divided as follows: Retarded pupils 1,412, of whom 1,228 were recommended for promotion; double promotion pupils, 472, of whom 355 were recommended for promotion; regular pupils, 755.

Free Text Books.—All pupils in the elementary schools are given the free use of text books and furnished nearly all the required supplies free of charge. To the high school pupils the Board of Education sells text books at cost.

Tuition.—In the elementary schools the tuition for non-resident pupils is $12.50 for each semester, except that in cases where the residence of the pupils is nearer one of the city schools than to any other public school and where the parent or guardian is employed within the City of Minneapolis, in which case the tuition fee is $7.50 for each semester. Pupils whose parents or guardians are not actual residents of the City of Minneapolis, but who are actual residents of the State of Minnesota, are admitted to the high schools without tuition fee.

Supervised Schoolyard Playgrounds were in operation ten weeks from June 22nd to August 22nd, 1914, under the direction of the Department of Hygiene and Physical Training. Thirteen instructors were employed at the following schools: Adams, Blaine, Calhoun, Monroe, Peabody, Prescott and Sheridan. The average weekly attendance was 5,535 and the cost of maintenance, $2,000.00.

Minneapolis Teachers' Club.—The object of this organization is to promote a feeling of fellowship among the teachers and to secure for its members social, intellectual, professional and hospital advantages.

Mrs. T. G. Winter
Miss Mary Wright

The object of this Commission is to reflect the conditions in the city so far as they pertain to or would modify educational programs.

Education, designed to connect school with the actual conditions of earning a living, will be their special problem.

Wider Use of School Buildings, Equipment and Grounds: School buildings may be used for meetings of appropriate character not conflicting with school uses upon application to Superintendent on prescribed printed form, signed by three responsible persons of the district and approved by the Principal. If such meeting is public and for educational or civic betterment, use is without charge, and heat, light and janitor service will be furnished.

Parent-Teachers' Associations:—There are Parent-Teachers' Associations and Improvement Leagues in a large majority of the school districts, and the work of these associations has become a prominent factor in the educational interests of the city.

The Council, Parents and Teachers Association is a federation of all Parents and Teachers Associations or similar organizations in connection with the public schools. The annual dues are $2.50 for each association represented in the Council.

The members of the Executive Board for the year 1914-1915 are as follows: President, E. J. Miller; Vice-President, Mrs. Andreas Ueland; Secretary, Carrie I. Cox; Treasurer, R. K. Baker. Representatives: Mrs. F. B. Forsyth, North District; Prof. Anthony Zeleny, East District; Walter H. Newton, South District; Charles F. Keyes, West District; George L. Lang, Central District.

Civil Service Commission.—All employes of the Board of Education (other than teachers) are subject to the rules of the Civil Service Commission of the City of Minneapolis. These rules have been prepared in accordance with the provision of Chapter 105, General Laws of Minnesota for 1913, establishing Civil Service in cities of the first class, and became effective September 3, 1913.

Public Library Branches.—The Minneapolis Public Library maintains close relations with the schools. A regular branch, with a trained librarian, is housed in the Seward school. Regular deposit stations are established in the Bremer, Johnson, Sidney Pratt and Schiller schools. The majority of the schools, however, which are not located near stations or branches, are supplied with class-room libraries. About 275 collections of 25 volumes each are sent to class-rooms upon request of the principal or teachers. These books are for home circulation rather than for reference, and their object is to develop a love for reading. A total of 104,240 volumes were circulated in 1913 through the class-room libraries.

The School Savings System has been operated in connection with the Minneapolis Public Schools since October, 1905. The Board of Education has no part in this work further than to permit a representative of the bank having the matter in charge to report at the different schools each week and receive the deposits from the pupils. Following is a brief report for the year 1913-1914:

Number of schools in which the system is operated	59
Number of accounts	24,788
Number of deposits made during the year	324,240
Amount deposited during the year	$64,196.87
Amount withdrawn during the year	$58,908.22
Amount of stamp deposits at the end of the year.	$39,541.55

In addition to the amounts of these stamp accounts which the children in the schools had on the 1st of July, 1914, the number of children who transferred their stamp accounts to regular interest accounts represented by regular pass books in the school year 1913-14 was 2,205 and they had to their credit July 1st, $19,554. The total amount which the school children have in regular interest accounts in addition to their stamp accounts is considerably over $100,000.

CLERKS

All High Schools, Junior High Schools and School Districts in which are included two or more buildings are provided with regularly employed clerks.

The following schools are served by practice pupils from the Commercial Departments of the High Schools. Each pupil serves as clerk from six to ten weeks. The group of pupils so serving from each high school is under the supervision of a teacher. This practice work is a part of the regular commercial course.

General Information

QUALIFICATIONS OF TEACHERS

ELEMENTARY TEACHERS: (Including Kindergarten)

Education:—To be eligible for appointment, an elementary teacher must have educational preparation equivalent to that furnished by a four year high school course of the grade of the Minneapolis high school and a two years' course of professional training of the grade of the Minnesota State Normal schools. At least one year of the required professional training must be adapted to prepare especially for the work that the candidate is to undertake.

Successful experience of not less than one year as a journeyman worker in the subject to be taught may be accepted for manual training positions as equivalent to one of the two years of required professional training.

Experience:—In addition to the above educational qualifications, to be eligible for appointment as a qualified elementary teacher, one must have had at least two years' successful experience in teaching under approved conditions.

Excess of one type of qualification whether of education or of experience beyond the minimum requirement, will not be accepted as a substitute for the lack of the minimum qualification of the other type.

HIGH SCHOOL TEACHERS:

Education:—To be eligible for appointment, a high school teacher must be a graduate of a four year collegiate course of the grade of that furnished by the University of Minnesota, and have made special and adequate study of the subject or subjects to be taught.

Four years of approved study beyond a secondary education of the grade furnished by a four years' course in a Minneapolis high school, may be accepted for positions as teachers of manual training, domestic science and art, music and commercial subjects as educational preparation equivalent to that represented by a college diploma. Further, approved business, trade, or journeyman experience of a kind to prepare especially for the subject or subjects to be taught, may be accepted as equivalent to not more than two years of the required educational preparation beyond that of secondary grade. To be acceptable, such business trade, or journeyman experience, must be offered in the ratio of two years of experience for every year of educational preparation for which it may be taken as an equivalent.

Experience:—In addition to the above educational qualifications, to be eligible for appointment as a qualified high

school teacher one must have had at least two years' successful experience in teaching under approved conditions. Such experience must have been gained either in the Minneapolis public schools or in schools of a grade corresponding to that of the Minneapolis high schools.

Excess of one type of qualification whether of education or of experience beyond the minimum requirement, will not be accepted as a substitute for the lack of the minimum qualification of the other type.

LIBRARIANS—To be eligible for appointment as librarians, teachers must have educational qualifications the same as for high school. No teaching experience is required.

PRINCIPALS—The minimum qualifications of education and experience rendering one eligible to appointment as a principal of an elementary or of a high school are the same as those required for teaching positions in the same types of schools.

Preference in appointment and in advancement will be given those qualified beyond the minimum requirements, especially beyond the minimum educational requirements. For appointment to the larger positions, educational qualifications equivalent to a full college course will ordinarily be required.

The qualifications of assistant principals, principals' assistants and teachers-in-charge are the same as those of principals.

ASSISTANTS—Teachers with the educational preparation, but without the requisite experience for appointment as qualified teachers, may be appointed as assistant teachers to serve under especially close supervision.

Experience as an assistant teacher in the Minneapolis schools will be accepted as experience fitting for appointment as a qualified teacher.

PROBATIONARY PERIOD—All teachers appointed as qualified teachers must serve a probationary period of two years in the Minneapolis schools before coming fully under the salary schedule, elementary or high school.

To be appointed beyond this probationary period, a teacher must be not only successful, but must give evidences of growth warranting the expectation of service commensurate with the increasing salary provided by the schedule.

EXAMINATIONS—All teachers are subject to examination as required by state law, but certificates without examination may be issued at the discretion of the Superintendent.

SUBSTITUTES—Substitutes have the same educational qualifications as those required of regular teachers of the corresponding class.

SALARY SCHEDULE

ELEMENTARY GRADES: (Including Kindergarten)

	Minimum	Annual Increase	Maximum
Regular Elementary Teachers (any grade)	$700.00	$75.00	$1200.00
Possible maximum for special individual merit			1500.00
HIGH SCHOOL:			
Regular High School Teachers.	$800.00	$100.00	$1800.00
Possible maximum for special individual merit			2500.00

Salaries of all assistant teachers are subject to the recommendation of the Superintendent at the time of appointment or reappointment.

LIBRARIANS—Salary schedule same as for elementary teachers.

ELEMENTARY SCHOOL PRINCIPALS:	Possible Maximum
Principals in charge of buildings of less than eleven rooms, all assistant principals, principals' assistants, and teachers-in-charge	$1800.00
Principals in charge of buildings with eleven to sixteen rooms, both inclusive	2200.00
Principals in charge of buildings with seventeen to twenty-two rooms, both inclusive	2600.00
Principals in charge of buildings with twenty-three to thirty-four rooms, both inclusive	2800.00
Principals in charge of buildings with thirty-five rooms or more;	3000.00

Within the limits set by the above possible maxima, the salary of each principal will be recommended by the Superintendent and fixed by the Board at time of appointment or reappointment. The basis for determining each principal's salary will be the recognized value of that principal's services.

SUBSTITUTES—Elementary Substitutes receive $2.50, $3.00 and $3.50 a day (while actually employed in the schools), according to success and experience. High school substitutes receive $3.00, $3.50 and $4.00 per day.

EVENING SCHOOLS—Principals $3.00 per evening; teachers, $2.50 per evening.

SUMMER SCHOOLS—Principals in elementary schools, $5.00 per day. Teachers in elementary schools, $3.00 per day.

Principals in high schools as recommended by Superintendent. Teachers in high school receive one-sixth of last year's daily salary per hour of work.

CLERICAL FORCE—All employees of the Board of Education (other than employees classified as teachers and supervisors) are subject to the rules of the Civil Service Commission of the City of Minneapolis, and are drawn from its eligible list. These rules have been prepared in accordance with the provision of Chapter 105, General Laws of Minnesota for 1913, establishing Civil Service in cities of the first class, and became effective September 3, 1913. Salaries are as follows:

	Senior	Junior
In the Superintendent's Office	$76 to $95	$50 to $75
Annual increase for merit, usually	$5 per month.	

In School Offices:	Head Clerks	Assistants
High School	$50 to $75	$40 to $50
Elementary (regular)	40 to 50	
Annual increase for merit, usually	$5.00 per month.	

High School Business Practice Pupils—Allowance not exceeding $5.00 per month,—to cover carfare and other necessary expenses.

Salaries of the Superintendent of Schools, Assistant Superintendents, and Supervisors of special work and all teachers not provided for under the regular schedules of salary are fixed by special action of the Board. In fixing the salaries of such positions, successful experience, general qualifications and character of the work are considered. In fixing the salaries of new teachers, experience in other schools of equal rank is considered.

All promotions and increases of salary are made on the ground of merit.

The yearly salary is paid by check in ten equal installments, one for each month of the school year.

In case of illness of principal, clerk or teacher, five full days' salary is allowed and an additional fifteen half days' salary during the school year.

In case of absence on account of death in immediate family, (mother, father, sister, brother, husband, wife or child) three full days' salary is allowed, except when death occurs outside of city, then five days' salary is allowed.

SPECIAL RULES

No agent or other person shall exhibit to principal, teacher or pupil in the school building or grounds any book, map or other article or apparatus.

No principal or teacher or other employee shall be allowed to sell stationery, pens, pencils, tablets or other articles used in school by the pupils except in behalf of the Board when authorized. No publication for advertising purposes of any kind shall be issued or distributed either in the school building or on school grounds.

No list or lists of pupils shall be given to any person not officially connected with the Board of Education or the Superintendent's office.

No voting contest shall be carried on in connection with the public schools, nor shall any teachers be allowed to become a candidate in any such contest.

Prizes are not to be offered except upon the approval of the Board.

There may be one collection of money and one collection of food and clothing, both for benevolent uses made in the schools each year, the former usually to be at Christmas and the latter at Thanksgiving. The beneficiaries of these collections are to be recommended by the Superintendent and approved by the Board.

TUITION—A pupil who is not an actual resident of the city of Minneapolis, or a pupil who is 21 years of age, may be admitted to any elementary school upon the payment in advance of a tuition fee of $25 to the City Treasurer for each semester, except in cases where the residence of a pupil is nearer a city school than to any other public school and the parent or guardian is employed within the city of Minneapolis, in which case the fee shall be $10 for each semester, provided, however, that in cases where the parent or guardian of any such child pays taxes upon property in the city of Minneapolis the amount of such tuition charge shall be reduced by a sum equal to the amount of taxes for school purposes paid to the city of Minneapolis by such parent or guardian, such amount to be determined by the presentation of a tax statement showing the amount of such school tax paid by such parent or guardian. If the amount of such school tax equals or exceeds the tuition charge above provided for, no such tuition charge shall be made.

Any pupil who is an actual resident of the state and not living in a district in which corresponding high school privileges are provided is admitted to Minneapolis high schools without tuition. Others may be admitted to Minneapolis high schools upon payment, in advance, to the City Treasurer of $40 per each semester.

FREE TEXT BOOKS—All pupils in the elementary schools are given the free use of text books and furnished nearly all the required supplies free of charge. To the high school pupils the Board of Education sells text books at cost.

MINNEAPOLIS TEACHERS' RETIREMENT FUND ASSOCIATION—Membership in this Association is required of all "teachers employed full time at salaries not less than the minimum allowed by the schedule for the department in which they

are engaged." Every newly appointed teacher must file the required application for membership in this Association when the signed contract accepting the position offered by the Board is returned to the Superintendent of Schools. Membership is not required of substitutes or assistant teachers receiving less than the regular minimum.

The general purpose of this Association is to pay annuties to teachers who have retired from active teaching service after having rendered twenty or more years of teaching service. To provide a fund from which to pay annuities a tax of not more than one-tenth of a mill is levied against the assessable property of Minneapolis and all members are required to pay dues to the Association.

Rates for Membership:—For the first five years of the teaching services, $10 per year; for the second five years, $20 per year; for each subsequent year, not exceeding thirty years in all, $25 per year.

Annuities:—Any member of this Association who shall have rendered twenty years or more of teaching service in the public schools (ten of which may have been in public schools outside of the city of Minneapolis), who ceases to be in the employ of the Board of Education from any cause shall be retired by the Association and receive an annuity as follows: For twenty years of service, $333.33; for thirty years of service, $500.00; and a proportionate amount for any intervening year between twenty and thirty.

Any teacher may waive the right to previous teaching service and pay as follows: $10 per year ($1 per month) for the first five years after entering; $20 per year ($2 per month) for the second five years; and $25 per year for each subsequent year of teaching service. Any teacher who waives his claim for prior teaching service at the time of entering the Association may, nevertheless, receive the benefit of such prior service later, by making application therefor and paying arrearages.

Any teacher who voluntarily retires from the service before he or she is eligible to an annuity will be granted a refund of one-half the current dues or arrearages paid the Association; if discharged by the Board of Education all dues will be refunded.

Membership June 17, 1916, 1655, of whom 119 were annuitants.

Instructions to Teachers:—No teacher is given credit for prior service at the time membership in the Association is granted.

To obtain credit for prior service a teacher is required—

(a) To furnish sworn proofs of having rendered service as claimed.

(b) To sign a contract to pay dues for the years for which proofs are submitted.

Dues for past service (arrearages) must be paid within five years, a minimum payment of one-fifth of the amount and accumulated interest being due the first of each September for five consecutive years.

Teachers who sign a contract to pay arrearages within their first five years of membership are charged interest at five per cent per annum on said arrearages from the first of the September following the date when the contract to pay was delivered to the trustees.

Teachers who do not claim credit for prior service within their first five years of membership will be charged interest at five per cent per annum from the first of the year when membership was granted should they subsequently desire credit for such service.

In consequence of the above, teachers who neglect to claim credit for prior service until the fifth year of membership has expired will be required to pay an amount twenty-five per cent greater than if credit had been claimed within five years; that is, additional interest at five per cent for five years.

SPECIAL DEPARTMENTS AND ACTIVITIES

JUNIOR HIGH SCHOOLS—Junior High School Departments were organized September, 1916, in the Bremer and Seward schools. These departments begin with the 7th and 8th grades; the 9th grade will be added as pupils now in the departments advance to this grade. About 450 pupils are enrolled in each of these departments,—September, 1916.

Franklin School, seriously damaged by fire in March, 1916, is being rebuilt as a Junior High School.

SUMMER SCHOOLS—All schools opened June 19, 1916. Classes for pupils who wished to gain a semester continued eight weeks, closing August 11th. All other classes closed July 28th.

Classes in academic work were conducted in twelve elementary buildings, and in the Central and East High schools. In the elementary schools, work was given for a period of six weeks to those wishing to work off conditions or to strengthen their work, and for a period of eight weeks to those wishing to gain a semester. In the high schools, pupils were received from all the city high schools and given a chance in eight weeks to work off conditions or make a credit in a new subject, no pupil being permitted to take more than two subjects.

In the twelve elementary schools, one industrial subject was required of those attempting to gain a semester, and manual training, cooking and sewing were offered any desiring these subjects. Sewing was also offered at the Girls' Vocational High school for a period of six weeks.

The enrollment was as follows: High schools, 1,401; Elementary schools, 7,789; Total 9,190. The elementary school enrollment was divided in the following manner: Pupils attempting to gain a semester, 2,016; pupils taking industrial work only, 548; weak and conditioned pupils, 5,225.

EVENING SCHOOLS—The season of 1916-1917 opened October 9, 1916, and will continue twenty or more weeks. Evening classes are open to any person in Minneapolis above fifteen years of age who is not attending a public day school. For admission to commercial courses, applicants are required to have completed the 8th grade; for shorthand, two years of high school or equivalent. A deposit of 50 cents in elementary school and $1.00 in high school is collected, to be refunded at the end of the season if all books and apparatus furnished the pupil are returned in good condition.

Sessions at East High school are held Monday, Tuesday, Wednesday and Thursday; Central and Girls' Vocational

High schools Monday, Tuesday, Thursday and Friday; Junior High and all elementary schools Monday, Tuesday and Wednesday evenings from 7:30 to 9:30.

The following numbers are necessary for the establishment of classes: Commercial and common school subjects, twenty-five applicants; industrial and foreign classes, twenty applicants; when the average attendance for one week falls below eighteen and fifteen, respectively, the classes may be discontinued or consolidated.

Central and East High Schools — English and *Citizenship* for foreign-speaking peoples. *Commercial* subjects—Shorthand, Typewriting, Bookkeeping, Salesmanship, Business English, Business Arithemtic, Business Correspondence, Commercial Law, Civics. *Industrial* Subjects—Manual Train ing, Sewing, Dressmaking, Cooking, Millinery.

Girls' Vocational High — Sewing, Dressmaking, Millinery, Cooking, Shorthand, Typewriting, Bookkeeping, Penmanship, Business English.

Bremer and Seward Junior High Schools — English and Citizenship for foreign-speaking peoples. *Commercial* Subjects Typewriting, Bookkeeping, Commercial Arithmetic, Penmanship. *Industrial* Subjects—Manual Training, Sewing, Dressmaking, Millinery, Cooking. *Common School Branches*— Arithmetic, English.

The following buildings will be centers for classes in *English* and *Citizenship* for foreigners; *cooking, sewing, dressmaking, art needle work, manual training, etc.:* Blaine, George Bancroft, Harrison, Holland, Jackson, Longfellow, Prescott, Simmons and Washington.

FOREIGN CLASSES — In addition to night classes for the teaching of English to adult foreigners' day classes were maintained last year in the Washington school. These classes are to be continued during the present year.

NORMAL SCHOOL DEPARTMENT—A one-year teacher training course open to high school graduates, is offered at Central High School. Anyone completing it is granted a Minnesota first grade certificate for rural and semi-graded teaching.

The course includes arithmetic, English grammar, American history, geography, hygiene, civics, drawing, music, methods, school management, agriculture, manual training, sewing and cooking. Practice teaching is done in the grades of the city schools and in certain selected rural schools.

AGRICULTURE—There are three phases of elementary agriculture and home gardening work.

1. The Central High School offers a practical four-year course in elementary agriculture to boys who have completed the 8th grade. This course prepares for entrance to Agricultural Colleges and for work on the farm; it also gives a good general education. This course was opened in September, 1915. Similar courses are being established in the North and South High schools. Greenhouses are attached to all of the above high schools.

2. Two-year elementary courses are being offered to boys of the 7th and 8th grades of the Bremer and Seward Junior High Schools. These courses are general in their scope with special emphasis on vegetable and landscape gardening. Greenhouses are provided at both of these schools.

3. School demonstration gradens and home gardens are carried on in several parts of the city but especially in the regions surrounding the Bremer and Seward Junior High schools. Home gardens are supervised during the summer months. Exhibits are held as produce matures.

Number of schools giving instruction	12
Number of pupils receiving instruction	350
Number of pupils planting home gardens	223
Number of pupils carrying gardens through the summer	161

OPPORTUNITY ROOMS—For the misfit and retarded boy, rooms are opened in various parts of the city, where he is given special attention and extra work in industrial subjects. Such classes are conducted in the following schools: Adams, Emerson, Longfellow, Madison, Monroe and Wm. Penn.

In the Central and South High schools, special classes are formed for pupils who wish definite work in preparation for a job or who may have been promoted to high school on trail. Such a class for girls is now in operation at the Madison school.

OPEN AIR SCHOOL, located at the Thomas Arnold school, is designed primarily for children in the incipient stages of tuberculosis. The school is supported jointly by the Board of Education and the Anti-Tuberculosis Committee of the Associated Charities, the Board of Education paying for fuel, janitor service, school physician and nurse, and teachers; the Anti-Tuberculosis Committee paying for special equipment, cots, bedding, etc., for food and its preparation. It costs approximately $10,000 per year for one hundred pupils.

STAMMERERS AND DEAF—One class for stammerers and three classes for deaf are located in the Jackson school. An additional class for stammerers will be opened in North Minneapolis. Children are transferred to the class for stammerers who need special help for the correction of defects of speech.

In the classes for deaf are placed those who are wholly or nearly deaf. As they are subject to the special state law granting state aid, there can be received into these latter classes only those pupils whose ages are from four to ten years.

Fifteen pupils may be admitted to each class for stammerers and eight to each class for deaf. Last year instruction was given to nineteen deaf pupils and thirty-two stammerers.

SUBNORMAL—In these classes are located those pupils who are so much retarded in mental development that they make little or no progress in the ordinary class room. They are given special individual attention and a great deal of work looking toward vocational training. Such classes are maintained in the Blaine(2), Holmes (2), Lafayette (1), Monroe (1), Peabody (3) and Washington (2).

Fifteen pupils may be admitted to each class for subnormals. About one hundreed sixty-eight such pupils were cared for last year.

BLIND—A class for the blind will probably be opened about January 1st.

SUPERVISED SCHOOLYARD PLAYGROUNDS were in operation ten weeks, from June 19th to August 26th, 1916, under the direction of the Department of Hygiene and Physical Education. Thirty-two instructors were employed at the following schools: Adams, Blaine, Calhoun, Clay, Grant, Harrison, Holland, Holmes, Monroe, Peabody, Prescott, Schiller, Sheridan, Simmons and Washington. The average weekly attendance was 13,412 and the cost of maintenance $5,000.00.

PENNY BREAKFASTS are served at 8:30 A. M. to the pupils of the Clay, Holmes, Jackson, Nicollet, Peabody, Van Cleve and Washington schools.

WIDER USE OF SCHOOL BUILDINGS, EQUIPMENTS AND GROUNDS—School buildings may be used for meetings of appropriate character not conflicting with school uses upon application to the Superintendent on prescribed printed form, signed bythree responsible persons of the district and approved by the Principal. If such meeting is public and for educational or civic betterment, use is without charge, and heat, light and janitor service will be furnished.

THE SCHOOL SAVINGS SYSTEM has been operated in connection with the Minneapolis Public Schools since October, 1905. The Board of Education has no part in this work further than to permit a representative of the bank having the matter in charge to report at the different schools each week and receive the deposits from the pupils. Following is a brief report for the year 1915-1916:

Number of schools in which the system was operated..	64
Number of accounts.....	32,295
Number of deposits made during the year.....	455,065
Amount deposited during the year.....	$82,966.74
Amount withdrawn during the year.....	$78,288.08
Amount of stamp deposits at the end of the year.....	$43,372.67

The increase in stamp deposits is best shown by the following table:

	1909	1916
No. of children depositors at end of school year.....	9,712	32,295
	1908-1909	1915-1916
Amount deposited for the year.....	$25,033	$82,966
Amount of interest accounts opened in school year.....	6,726	$51,976
Deposits at end of year.....	14,178	43,372
Total amount in 8 years deposited on stamp accounts.....		$441,771
No. of children who have opened regular interest bank accounts.....		19,319
Accounts transferred to regular interest bank accounts.....		221,131

MINNEAPOLIS TEACHERS' CLUB—The object of this organization is to promote a feeling of fellowship among the teachers and to secure for its members social, intellectual, professional and hospital advantages.

1. The Minneapolis Teachers' Club was organized in 1897. It is open to all members of the Minneapolis teaching body both in public and private schools.

2. The annual dues are $5.00. The fiscal year begins September 1st.

3. The Hospital Benefit allows the payment of $16 per week, toward room, board and general service in any hospital to the amount of $125 per year. The Home Benefit allows the payment of $5.00 a week after the first week's illness to the amount of $50.00.

4. Through the Arts & Letters and Social Committees, entertainment is afforded the members. Concerts, lectures and gatherings are provided. A Mississippi River Excursion has become an annual event.

5. The Social Service and Public Affairs Committees keep the club in touch with work for civic improvement.

6. Officers for 1916-1917:
Honorary President, Mrs. George M. Harrison.
President, Georgia A. Burgess, North High school.
First Vice-Pres., Lydia K. Stromheier, East High school
Second-Vice-Pres., Maria R. Porcher, Webster school.
Third Vice-Pres., Bessie P. Knight, Sheridan school.
Corresponding Secretary, Mary E. Kimberly, Ass't to Supervisor of Music.
Recording Secretary, Norma H. Deming, Sumner school.
Treasurer, Mathilde E. Holtz, Bremer Junior High school.

THE MINNEAPOLIS HIGH SCHOOL TEACHERS' ASSOCIATION was organized in 1913. The aim is mutual helpfulness such as may be gained from the study and discussion of problems affecting high schools. Officers for 1916-1917:

President, Benjamin Winkleman, Central High school.
Vice-President, Eugene D. Pennell, East High school.
Secretary-Treasurer, Lilian J. Sterrett, West High school.
Executive Committee: Officers and one representative from each high school.

MINNEAPOLIS GRADE TEACHERS' ASSOCIATION was organized in February, 1910. It closed the year of 1915-1916 with a membership of 851. Its object is to promote social intercourse and professional advancement.

This Association studies and discusses school room and professional topics, also municipal questions of the day. It has three members on the Local Board of Censorship of Moving Pictures. Each year it maintains at a reduced rate to its members, a University Extension Course for which credits are allowed.

A Hospital Insurance Department offering home benefit, and hospital care was organized in 1913, membership in which is open not only to members of the Grade Teachers' Association, but to any person actively engaged in teaching in the public schools of Minneapolis.

The annual dues of the Grade Teachers' Association are $1.00 and those of the Hospital Department $3.00.

Officers for 1916-1917:

PARENT-TEACHERS' ASSOCIATIONS — There are Parent-Teachers' Associations and Improvement Leagues in a large majority of the school districts, and the work of these associations has become a prominent factor in the educational interests of the city.

THE COUNCIL OF PARENT-TEACHERS' ASSOCIATION is a federation of all Parents' and Teachers' Associations or similar organizations in connection with the public schools.

The annual dues are $2.50 for each association represented in the Council.

The members of the Executive Board for the year 1916-1917 are:

President, E. J. Miller; Vice-President, Paul J. Marwin; Secretary, Mrs. F. Finger; Treasurer, C. F. Keyes. Executive Committee: Central, Geo. L. Lange, B. F. Ward, Mrs. Chas. Howard; North, C. H. Galbraith, A. R. Maeser, Dr. A. Hirschfield; East, C. H. Preston, Mrs. F. A. Hastay, C. R. Wilkinson; South, Mrs. W. Fitzgerald, Mrs. M. L. Fosseen, H. F. McBride; West, Mrs. F. E. Covell, Mrs. W. J. Moorhead, L. G. Beach.

PUBLIC LIBRARY BRANCHES — The Minneapolis Public Library maintains close relations with the schools. A regular branch, with a trained librarian, is housed in the Seward school. Regular deposit stations are established in the Bremer, Johnson, Schiller, Sidney Pratt and William Penn schools. In all schools located near the library, the children's librarian is very glad to visit the school and assist the children to secure library cards. In the schools where distance makes the Library or its branches inaccessible to may children, books are brought to them by the use of class room libraries. These libraries are chosen not so much for supplementary reading to aid the teachers in their school work as to give the children an opportunity to secure the best in literature.

Reading lists are sent to selected groups of withdrawing pupils in cooperation with the Vocational Guidance Department.

During the year 1915, 378 class room libraries were supplied to 43 schools with a resultant circulation of 125,571 volumes.
